Dear Mr. Tymchak:

Re: Reconfirmation of Provincial I.D. Number as a Carrier

This letter is to reconfirm that your company had previously been issued the Provincial I.D. Number **ABC02319** as a carrier of hazardous waste on June 21, 1995 and this number is currently active.

Pursuant to Sections 179 and 182 of the Alberta Environmental Protection and Enhancement Act, the use of the manifest in consignment transport, storage, treatment or disposal of any hazardous waste is a legislative requirement. It is also your responsibility as a hazardous waste carrier to comply with other relevant legislation, for example:

the Transportation of Dangerous Goods Control Act and Associated Regulations, and the Occupational Health and Safety Act.

The waste manifest form referenced in Schedule IV of the Transportation of Dangerous Goods Regulation, is the same form that is referenced in Section 6 of the Waste Control Regulation.

If you require more information on safe transport of hazardous waste, please contact Alberta Public Safety Services at 1-800-272-9600.

Yours truly,

Robert C. Huang, P. Eng.
